Roosevelt Will Let Strike Go On.

CHICAGO

Considered All the Representative That Government Needs for

Gradually Getting Back to Normal and That Was Tied up Two Days Ago-No Sign of Settlement Yet.

OYSTER BAY, August 14.-President Roosevelt will not concern himself with the telegraphers' strike according to the best information obtainable tonight although commercial bodies all over the United States have asked him to do so. With Labor Commissioner Neill in Chrcago the government considers the limit of its functions and authority in the matter being fully exercised.

CHICAGO, August 14-Pending the arrival of President Small, little progress is being made in efforts to settle the telegraphic strike. The companies continue to decline to receive deputa tions from strikers.

NEW YORK, August 14.-The Western Union issued the following state-

"Traffic is being moved between the principal offices wihout any delay and but little delay in the small offices. The force of operators in big cities is nearly up to the miximum and there are additions hourly. It is expected that normal country."

CHICAGO, August 14.-The Associated Press opened three main leasedwire circuits out of Chicago at 7 o'clock this morning on the big trunk line from New York to Chicago, taking in the cities of Philadelphia, Baltimore, Washington, Pittsburg, Cleveland, Detroit, Only Toledo was missing when the wire opened. The Southern circuit to In-

are probably wire chiefs who have been pressed into service.

In the absence of the chief operator and the manager this morning one of be sub-chiefe said:

"We have four men working. The nessages that we receive we take subject to delay. I cannot see that the conditions are materially improved over yesterday."

When told that the Western Union had cleared with Seattle and Spokane, and were working east and expected to have the subject to delay order removed to-day, the Postal Telegraph man said: "That sounds like a pleasant dream. I guess they are mistaken."

The Postal telegraph operators have picketed the place. The men appear to believe there is but little danger of nonunion men taking their keys.

REFORM ELEMENT WINS.

Primary Elections in Frisco Are Against Schmidt Factions.

SAN FRANCISCO, August 14. - The primary election in this city resulted in sweeping victory for the Republican ASSOCIATED PRESS WORKING League or Ryan ticket which stood for the earnest support for the bribery graft prosecution and the present mayor and supervisors. The opposing forces led by Postmaster Fiske elected not more than Main Lines Are Opening up Territory 19 delegates to the party convention which will consist of 14 delegates. The result is a notable triumph for the reform element.

OPEN DOOR IN MANCHURIA.

WASHINGTON, August 14.-Russian mbassadors today handed the state department a copy of the new convention' of Russia and Japan which is designed to carry out the provisions of the provisions of the treaty at Portsmouth providing for the open door in Manchuria.

This Feature of Rate Will be Brought up by Florida Growers.

NEW YORK, Aug. 14.-Florida fruit rowers have raised the question of the distance factor" in railroad rates by complaining to the Interstate Commerce Commission that they are charged almost as much far carriage to New York M. S. Capur Trics to End as California growers pay. One of the instances cited is a rate of 94 cents per hundred on certain fruits from Florida to New York, a distance of 1200 miles, as compared to a rate of \$1.15 that the Southern Pacific and its connections charge from Los Angeles to New York. IS A NATIVE OF INDIA a haul of 3260 miles. This, the Florida growers claim, shows injustice, which the Commission is asked to correct.

No question of discrimination is involved, for the rates are made by different roads. The real issue, if it reaches a hearing, may result in rehabilitating in popular esteem the misleading phrase, "All the traffic will bear." The factor determining the California rate is the competition which the producer of that state meets in the principal markets from his Florida competitor. If the Trans-Continental Lines charged considerably more than they do charge for the 3260 mile haul from California it would be equitable on a distance basis, as against the charge 'or the 1200 mile haul from Florida; but the traffic would not "move" at such a rate and the California growers would be ruined.

Noobdy has claimed that the Florida growers are ruined because by means of SAN FRANCISCO, August 14.-After a low rate California is given access to 10 days in this city from Hongkong, M. the eastern markets. Florida's nearness S. John Reeves Responsible for the Boulder, Col., Explosion.

IMPLICATES THREE OTHER MEN

Confesses to District Attorney and Just Barely Escapes Mob Which Would Avenge Death of Five and Injury of Fifty-Imagined He Was Wronged.

BOULDER, Cole., August 14-John W. Reeves, a brakeman employed on the Colorado & Northwestern Railroad, has confessed that he was responsible for destruction, by fire and dynamite, last Saturday, of the Colorado & Southern station, which resulted in the killing of five and the injuring of 50 persons. After the confession a mob gathered to lynch Reeves, but he was spirited from jail and taken to Denver in a carriage.

Reeves confessed to the District Attorney, his assistant, and several police officers. He said that he had set fire to a caboose belonging to the road he worked for because he was angered at the company for some imaginative wrong done him. The fire spread to the freight house. Reeves implicates three sary typewriters of standard make and other men in his confession, but their names are being withheld.

HER DRESSES BURN.

Mary Benner Dies of Burns Inflicted by Careless Playmate.

TACOMA, August 14.-Six-year-old Mary Benner, a daughter of Oscar Benner, was accidentally set fire by a playmate and died of her injuries. The girl ran screaming into the house and the mother threw a blanket around her. She is
